

Copper Roof Checklist: Is a Copper Roof Right for You?

1. Cost Estimation

- Have you calculated the total cost of a copper roof, including materials, labor, and hidden fees?
- Did you compare costs across multiple contractors for the best deal?
- Have you accounted for any market fluctuations that might affect copper prices?

2. Material Selection

- Have you chosen the copper roofing material type that best suits your home's design?
- Did you compare the cost and benefits of shingles, panels, tiles, and standing seam?
- Are you aware of the lifespan and maintenance needs of the copper material you selected?

3. Long-Term Value Assessment

- Have you considered the long-term ROI and energy savings a copper roof provides?
- Did you evaluate the potential increase in your home's resale value with a copper roof?
- Are you prepared for the low-maintenance lifestyle that comes with a copper roof?

4. Professional vs. DIY Installation

- Do you have the necessary skills and safety equipment for a DIY copper roof installation?
- Have you compared the costs and benefits of DIY versus hiring a professional?
- Are you aware of the warranties and insurance coverage available with professional installation?

5. Maintenance Tips

- Do you know how to maintain the appearance and functionality of your copper roof?
- Are you prepared for the patina aging process, and do you know how to manage it?
- Have you scheduled regular inspections to ensure the longevity of your copper roof?

6. Installation Readiness

- Have you ensured that your home is fully prepared for the installation process?

- Do you have all necessary permits and approvals for a roof replacement?
- Are you aware of the timeline and any potential disruptions during installation?

7. Bonus Tips

- Did you consider the potential savings from energy efficiency and insurance reductions?
- Are you ready to take advantage of any available discounts or rebates?
- Have you planned for the long-term investment benefits of a copper roof?

Download this checklist and take the first step towards ensuring your copper roofing project is a success. Don't miss out on this opportunity to make an informed decision about your roof.
